

**Asha Handicrafts Association**  
**Artisans & Producer Assistance Program**  
**For Subham Wood Works' 2018**

Asha Handicrafts Association has a long standing relationship with ET Games and we are delighted to receive a fund of £ 1,000 for the welfare of artisans working with one of our oldest producer Shubham Wood Works, and has been one of the strongest producer for ET Games' to produce their two most popular games PUCKET & ROLLET.

Shubham Wood Works was started by Satish Dhiman in 1999 & has been associated with Asha Handicrafts since the year 2000. Presently, more than 100% of Shubham wood business comes from Asha Handicrafts, in which ET Games contributes to about 65 to 70%.

As his business increased he has trained new artisans and provided them with sustainable work. A Shubham wood now employs over 35 to 40 artisans and is proud to say many of the artisans are working with him full time. Asha Handicrafts & Shubham wood both are grateful to ET Games' for the generous work he has done so far, his input in designing new games & helping the artisans reach new levels of quality in their work. Shubham Wood Works has produced more than 30,000 units of the Pucket game & over 2000 units of the Rollet game in last five years.

Asha Handicrafts Association along with Mr. David Harvey, ET Games' founder, felt it was necessary to give back to Shubham Wood Works' artisans, who worked diligently to provide quality products on time. With this idea in mind, the below activities were decided as a way of thanking & appreciating these artisans efforts.
